Chairperson's Message

University Business School (UBS) is among the prestigious institutes of our country. We have been imparting quality management education for more than four decades. The school has highly qualified, illustrious, dedicated and experienced faculty. We pay full attention to appropriate growth of each and every student. We train our students to discharge their future responsibilities effectively. The school tries to enhance technical, emotional, adversity, moral and physical quotients of students. This helps them to face today's competitive and complex world of business boldly.

The school has very rigorous course curriculum which is updated regularly so that the students can be taught all the latest techniques of business which are used in the corporate world.

The excellence of UBS can be measured by the praiseworthy performance of alumni who had made their mark in establishing and running renowned business organizations not only of our own country but other countries as well. Our alumni keep interacting with our students. They are mentoring and coaching them.

I am sure by giving our students a chance of working in your esteem organization you will benefit. I wish best of luck to all.
Looking forward to seeing you soon.

With warm regards,
Prof. Meenakshi Malhotra
Chairperson

Placement Coordinators' Message

In the ever changing and expanding competitive environment, people play a vital role in the growth and development of an organization. Change is the only constant in the dynamic business environment. We at UBS have always been conscious of the evolving needs of the corporate world. In our pursuit of excellence over the past 43 years, we have been catering to these very needs. UBS alumni, today, serves at the top of the corporate world adding to our glory and further strengthening the belief that the best always flourish.

Intellectual capital is the biggest asset of UBS. It is further strengthened by the visiting faculty comprising from academia and industry. This combination ensures that students give their best and do justice to their demanding curriculum and as a result are groomed into competent managers. UBS has emerged as one of the best B-schools in India. Our students have been employed by some of the best names in the industry.

UBS offers full time courses in commerce and management: M.com(e-commerce),MBA, MBA (Human resource), MBA(International business) and MBA (Biotechnology). The stringent admission process for the of M.Com(e-commerce) course begins with the OCET examination.Students complete two years of rigorous coursework, supplemented by extensive use of GroupDiscussions, Case Studies, Management Games and Industry Interaction.

On behalf of the Placement Committee, we welcome your participation in the Placement Process. We are sure that the students you recruit will play a pivotal role in your organization.

With warm regards.

Dr. B. B. Goyal ,Dr. Sanjay Kaushik
Placement Coordinators

Faculty

The faculty of UBS trains its students to utilize their potential to the utmost level. The interactive and efficient teaching methodologies make the whole learning process all the more interesting. The faculty employs proactive techniques of teaching, involving the students in various case studies, projects and research assignments. This way, the students not only gain from the experience and guidance of the teachers but also discover and learn on their own.

Infrastructure Central Library

The A.C. Joshi Library (Central Library) of Panjab University has a collection of over 7 lakh publications which include books, bound volumes of journals, thesis/dissertations, rare books, reports, government documents, back files of newspapers, and a prized collection of 1490 manuscripts. The web based Online Public Access Catalogue(OPAC) makes it even more useful. The Library provides access to 225 online full text journals as a part of print journals subscription. Access to approximately 5000 online full text journals is also available through INDEST- Consortium and UGC-INFONET. The University Library has been recognized as one of the six national centres for data information distribution in the UGC's INFLIBNET program.

In-house Library:

Apart from the central library, UBS also has an in-house library with around 12,000 books and with a subscription to 130 journals comprising of both Indian and International publications. This enables the students to find references relating to almost all branches of management.

IT infrastructure

UBS has 50 computers connected to the main server of the University, thus providing direct access to the journals/books available on the University Library Server. The students also have access to the Internet for reference and communication. Moreover, the campus is Wi-Fi enabled. In addition to this, the School has an air-conditioned auditorium and two seminar halls equipped with state-of-the-art audio-visual equipments.

Life at UBS

Life at UBS both inside and outside the classrooms is stimulating and intense.

Although the pace of the program is fast and the participants have a tight schedule owing to rigorous sessions, one still manages to achieve synchronization in group and individual activities.

The campus has a strong "work hard, play harder" culture and participants indulge in a wide variety of extracurricular and social activities. Students can join one of the several clubs, and network in a sector or industry in which they plan to pursue their careers.

All these things ensure that the years spent at UBS are some of the most memorable years of their lives.

At UBS, we believe, "Management is an art that cannot be learnt theoretically, but needs to be imbibed and inculcated through a litany of practical experiences and hands-on knowledge." Every student of UBS is part of one or more of the clubs or the activity hubs, that focus on diverse areas of interest. Among the others, the constant interaction among students through regular organization of club events enables them to nourish their team skills and instill in them a positive attitude.

Student Committees

Business Club - Perfection is our Business

Business Club at UBS is a forum which provides opportunity to the students to get themselves acquainted with the practical know how of the business world which complements the classroom learning. The club endeavours to provide a platform to the budding managers at UBS to hone their management skills by organizing events that have an essence of different aspects of management.

The club brought two new initiatives in the year 2010-2011, the first being an in-house fest called Envisage, that attracted huge participation from the entire batch. The entire gamut of the events organized under the fest ranged from competitions such as Dalal Street – A stock market Simulation, Real Estate Bidding, both of which provided an opportunity to the students of Finance streams to tax their brains. AdMad – an advertising event, and ChaturLok – event to test the operations and strategic skills, attracted the aspiring marketers.

The other significant initiative was the launch of an annual newsletter titled Pratibimb , that carried the intellectual contributions of the students at UBS.

The club has also conducted Quizzes both at in-house and pan-India level. It was a proud moment for the college to work along Mahindra and Mahindra group as its venue partner for Auto-Quotient – The Mahindra Auto Quiz that attracted participation from various colleges. The club also launched an online quiz, Inceptum, in partnership with Dare2Compete

which saw a record participation of 1345 teams from across the country. The Economic Times Quiz for all is a regular weekly in-house event which is held on every Wednesday of every second week of the month. Another significant contribution of the club has been in organizing guest lectures and discussions with prominent personalities.

The Club endeavors to sustain and grow its initiative to provide a holistic 'management' experience to the students at UBS.

Alumni Cell – Strengthening our Bonds

Alumni Cell seeks to rejuvenate and foster relationships between the alumni and their alma mater, through seminars, guest lectures and reunions. A Silver Jubilee Alumni Reunion – 2010 was organized on December 24, 2010. The batch of 1985 was felicitated to mark the Silver Jubilee of their passing out from their alma mater. The Reunion was a continuation of the tradition of honouring the alumni thereby providing an opportunity to the students to get mentored by the alumni.

Hospitality Cell

Hospitality Cell at UBS ensures that the delegates visiting the campus have a comfortable and memorable stay. The cell works in coordination with Business Club and Alumni Cell to have detailed information regarding the delegates visiting the campus, and its work includes making arrangements for their lodging and travelling.

International Conference (December 22-23, 2010)

Topic: 'Business Ethics and Human Values'

Held under the Assistance for Strengthening of the Infrastructure of the Humanities and Social Sciences (ASHSS) program of the University Grants Commission, the objective of this conference was to inspire, mentor and catalyze debate and discussion on ethical practices, human values and related issues of relevance to contemporary organizations and their managers. Eminent personalities from different organizations visited the campus to share their experiences and enlighten the students with the real life corporate scenarios to build the platform necessary to sustain in today's cut throat corporate world.

Various Themes Discussed:

- Human Values and Ethics in Management and Governance.
- Legal Perspectives on Ethics and Corporate Governance.
- Corporate Social Responsibility.
- Lessons from Ancient Indian Wisdom for Building Ethical Business.
- Towards Enlightened Leadership.

Some Words of Wisdom for UBS Students

Mr. S. Sandilya, Chairman, Eicher Group, was invited to mentor the students on August 9, 2010. He had an enlightening and interactive session with students. Mr. Sandilya, advised the students to learn the art of networking, to develop skills to take decisions in an uncertain and risky environment and to accept whatever comes their way.

Mr. Atul Karwal, Joint Commissioner of Police, Ahmedabad and an alumnus was in the campus on August 22, 2010. He shared his arduous experience of conquering Mt. Everest with the students and inspired them to become courageous and fearless enough to follow their dreams.

Mr. P. Balakrishnan, CEO, Anglo American Services India Private Limited, visited the campus on August 28, 2010. Mr. Balakrishna stressed upon the role of strategic planning in a highly competitive environment and spoke at length about various strategies to be adopted by organizations to succeed.

Mr. Pratip Choudhary, Chairman, State Bank of India visited the campus on September 10, 2011. He shared his views on the public sector working and the importance of vision in working. He also spoke at length about the financial problems India is facing at current time.

Nostalgic Moments

UBS has, over the years nurtured the young minds and made them world class leaders. Today, we have more than 3000 alumni spread all across the world including several well known names in almost all the spheres of business. Out of their sense of belonging to UBS, the alumni feel compelled to visit their alma mater, to rekindle old friendships and memories and to strengthen their ties with the institution that has so lovingly crafted their future.

UBS organizes an Alumni Reunion every year, which is the continuation of the tradition of honouring the alumni and to provide an opportunity to the students of UBS to get mentored by them. Last year UBS organized a Silver Jubilee Alumni Reunion – 2010 on December 24, 2010. In fact, this day has been declared the Alumni reunion day. The Batch of 1985 was facilitated to mark the Silver Jubilee of their passing out from their alma mater. This meet was an opportune moment for the esteemed alumina to network and interact with each other and also mentor the students of the present batch.

M.Com (e-commerce)

- Master of Commerce(e-commerce) is a Postgraduate Master's Degree focusing on e-Commerce and finance-related subjects.
- The two-year Masters programme is designed to produce the kind of e-business technologists, managers, entrepreneurs and innovators in greatest demand by the information economy. It does this by providing students on each stream with a powerful combination of technological and business skills of relevance to electronic commerce applications.
- Besides, the course provides knowledge of Financial services, Financial Engineering and Project Appraisal and Finance offer the core foundation. It also offers a broad approach in which a knowledge of corporate finance, an insight into the micro-economic environment, an understanding of the financial markets and use of the broad spectrum of derivative instruments can be gained.
- The course has a wealth of attractive features for those wishing to make their mark in the fields of electronic and mobile commerce.
- The overall aim of the course is to provide you with the skills and knowledge to allow you to conduct and manage e-commerce in all kinds of organisations and to appreciate the major opportunities, limitations, issues and risks associated with it.
